

December 2009

To all of the supporters of and participants in the Samantha Invitational

~~~~~

All of us at the Beaverton Library Foundation wish you a heartfelt **thank you** for your participation in the Samantha Invitational! We are so honored to be chosen as the Samantha Invitational charity for 2009 and we take this honor to heart.

We met with Clay and Christina in November and heard wonderful stories about what a great day it was at the invitational. We are thrilled that you all had a beautiful and sunny day of golf and a lovely dinner as well. Your day of camaraderie, family, and team sport raised an amazing \$6,000 for the Beaverton Library Foundation in Beaverton, Oregon. For those of you who don't know us, the Foundation is a group of concerned citizens who care dearly about the Beaverton City Library. We're all volunteers and we raise money and awareness for the library's programs and events. We sponsor the Summer Reading Program for kids each year and have sponsored a myriad of events this year: from a teen poetry contest to cultural programs for the whole family.

Your donations will be put to good use right away. We are planning a special place in the children's section of the Beaverton City Library to be filled with books, a welcoming table and chairs, and a memorial plaque for Samantha. We are very excited about the opportunity to do this - one of our primary goals is to get kids interested in reading and we think this special spot in the library will help do just that.

We are also delighted that we can be part of your mission to honor and remember Sammy and to bring that mission to the Northwest. Thank you all very much for participating and having a great time in Sammy's memory. Your participation will have an impact on kids at the Beaverton City Library for years to come.

Best regards from the Beaverton Library Foundation Board of Directors:

Michael Wong, President  
Jayne Dahl, Vice President  
John Barnes, Treasurer  
Katherine Karafotias, Secretary  
Ed House, ex-officio (Library Director)
